

INDIVIDUALIZING MEDICINE **2017** CONFERENCE

October 9–10, 2017
Rochester, MN

EXHIBITOR PROSPECTUS

We invite you to exhibit at the 6th Annual Individualizing Medicine Conference, sponsored by Mayo Clinic Center for Individualized Medicine (CIM), and take part in advancing care through genomics. Attendees come from around the world to CONNECT with Mayo Clinic and bring individualized medicine research from the laboratory to a patient's bedside. CIM is committed to FOSTERING INTERACTION between attendees, speakers, and exhibitors. Conference content highlights various aspects of TRANSLATION, including:

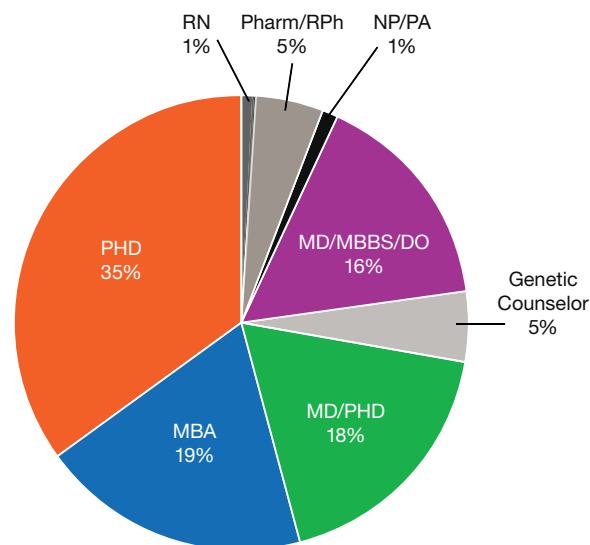

- Clinical application of next generation sequencing
- Practical insights regarding the use of cell-free DNA
- Rare and undiagnosed diseases
- Pharmacogenomics
- Microbiome

Industry and expert COLLABORATION is an important part of advancing care through genomics. We encourage you to consider exhibiting and look forward to the chance to showcase your company at Individualizing Medicine Conference, October 9-10, 2017. For the latest schedule and list of speakers, visit individualizingmedicineconference.mayo.edu.

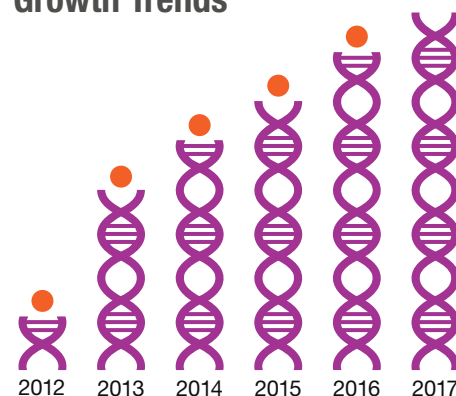

The Investors and Innovators Reception (I2R) is available AT NO EXTRA CHARGE to all IM2017 exhibitors. This invitation-only reception unites innovators, investors, industry executives, venture philanthropists, key opinion leaders, and Mayo Clinic leadership to explore collaborative opportunities. I2R is once again partnering with Destination Medical Center (DMC). www.dmc.mn
